Editor's Note

It was not long ago when we, the class of 1996, entered the road to Regis College and committed ourselves to the challenge of growing spiritually, occupationally, academically, socially, physically, and emotionally. We have grown as a group, as well as individually, through the traditions and triumphs we have experienced at Regis College. These pages hold moments captured, emotions displayed, and lasting friendships. They hold what seems to be a short lifetime; a lifetime which passed so quickly before our eyes. As we leave the road to Regis, we will hear the lingering laughter, feel the breaking of hearts, and sense the excitement of new lives and goals. We will find the same emotions we found when we came; however, in four years we have developed an everlasting commitment to ourselves and to the Regis College community which allows us to hold our time at Regis "Forever Young" within our hearts.

Michelle Burroughs, Editor

We arrived on the Regis College campus as young seedlings looking for nurturing soil to help us grow. Through the years we found that place in a loving, supporting community of students, faculty, and staff. This environment helped us grow physically, socially, academically, occupationally, spiritually, and emotionally. We grew individually and together, as a class. We laughed; we cried; but most of all, we blossomed into confident, well-rounded adults who are ready to cross another threshold into the worlds of graduate study, international travel, marketing, teaching, broadcasting, journalism, graphic design, and vocational volunteer work. In the years to come there will be new hills to climb, new worlds to conquer, and dreams to make come true; remember — always shoot for the moon because even if you miss, you will end up among the stars. As long as we keep the memories we have made in our hearts, we will remain "Forever Young."

Jody Michalski, President, 1996

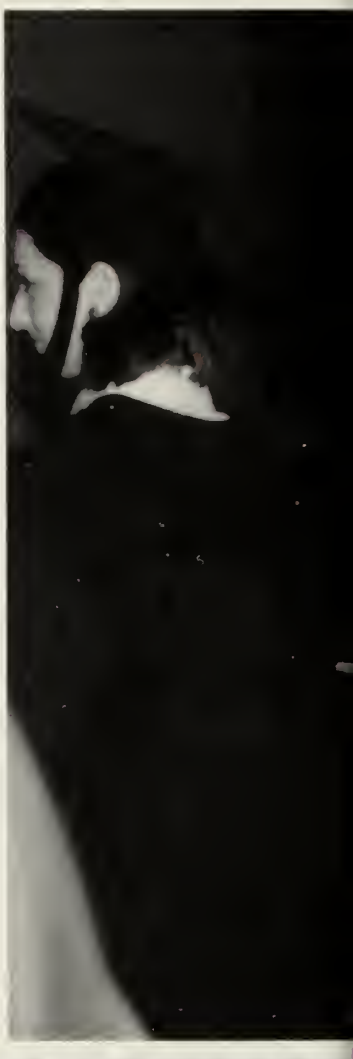
Cap and Gown



On October 1, 1995 the Class of 1996 gathered in the Fine Arts Center for the first time as Seniors. We gathered with family and friends to celebrate our academic investiture. We learned more that day than who would be sitting next to us at graduation; we learned the origins of the academic garb and how it has evolved over the years. We learned about leadership and service from classmates who shared part of their lives with us while on stage. We then learned what it would be like to hear our names at graduation: Confident and bold. However, most importantly, we learned that the learning process is a never ending process and that knowledge is our connection with each other; a common ground on which we all stand and bind us "Forever Young."

(Below) Kim Dicker rolling her way to the finish line.

Hoop Rolling

Hoop rolling has been one of the most anticipated traditions for a Senior. The tradition of hoop rolling took place on the front lawn of Morrison House for the Class of 1996; however, in 1932 the first graduating class rolled their hoops in the athletic gym. Also, the first woman to cross the finish line was deemed: "The first bride in the class." Times have changed! Now, the first woman to cross the line is the "first woman to receive a job" upon graduation. Cap and Gown and Hoop Rolling are a special time for friends and family to celebrate with the Class of 1996 and wish them well in their final year at Regis. Throughout the years, traditions at Regis have become altered and changed; however, the importance and meaning behind them have remained the same.

Christmas Banquet

The Christmas Banquet is a special time at Regis where students and faculty can gather in a relaxed setting and enjoy what the year has brought. In addition to the Christmas Spirit, which seems to magically permeate the campus during this time, the "Regis Spirit" can also be sensed. The banquet brings out the best in each individual and each class, allowing the night to be memorable, emotional, and eventful. Each year the classes change and new professors attend; however, this tradition is steadfast in binding the community together, for a brief night full of surprises, magic, and unconditional love. The Christmas Banquet has been taking place for many years, and will continue to bring such joy and laughter to the future generations of Regis.

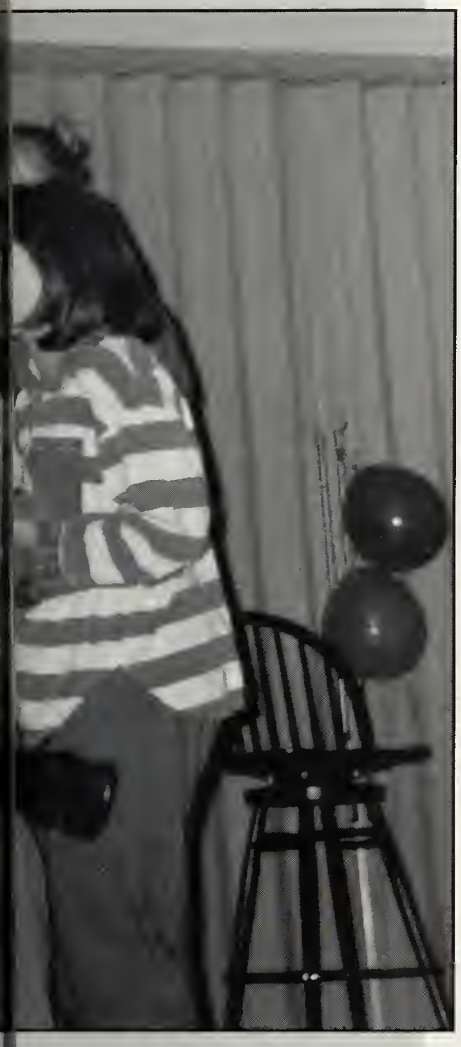
REGIS



The faculty at Regis College are its greatest asset among all of the wonderful aspects of the College. The teaching faculty are always aware of their students' needs and give all of themselves to their profession. Students who attend Regis, or even just visit, can sense the enthusiasm and compassion of the well-educated professors. It is a wonderful feeling to know that your professor knows your name, is willing to sit down at the College Cafe and casually talk with you, or even rearrange a class schedule so more people can take the class who need to. Professors at Regis are a different breed; they do more than care about where they teach, but show their love of the community by being extraordinary teachers, mentors, and friends. As a first-year student, the professors are the easiest people to approach, as a graduating senior, they are the hardest people to say goodbye to.

To: Whom it May Concern
From: English Majors from the Class of 1996
Date: April 25, 1996
Re: Dr. Marilyn Young's Retirement

Being English Majors, we have had the opportunity to see Dr. Young in "action" for four years. Through her teachings we have been able to memorize and understand Chaucer's Middle English, identify and analyze different forms of imaginative literature, understand *Paradise Lost*, and love modern drama. Dr. Young was able to demonstrate her love for literature and even pass that on to many of us.

Dr. Young not only cares about literature, she cares about her students. During our years at Regis College, Dr. Young has advised us, observed some of us in our chosen profession, been excited about our prospective job opportunities, and written many letters of recommendations to assist in our job searches.

Dr. Young has gone beyond being just our professor. She has become our mentor and our friend. No college wants to lose a professor of her caliber, but we must. As a class we believe Dr. Young deserves the time to return to the London theatres and enjoy many years of drama. We will all miss her dearly. Yet, we look forward to her returning to give lectures about her trips.

Cordially yours,
The Senior Class English Majors

monkey

The clubs and organizations of Regis are an important part of the College. They enable students, faculty, and staff to become involved, have fun, and establish new relationships.

Organizations such as Tower Society, the Peace and Justice Coalition, and Habitat for Humanity enable the campus as a whole to work together to achieve certain goals. Clubs such as the Biochem Club, and the Psychology Club bring those with common interests together to not only learn, but also to share experiences relating to their club.

As a first-year student or even a senior, getting involved in clubs and organizations on campus is an important step in becoming a part of Regis College. It is a way not only to make contributions, but also to learn more about yourself and one another.

Representing your class as a class officer, Student Government officer, or a caucus member are important positions. They enable you to bring the ideas and concerns of your classmates forward, as well as help organize functions.

College is not only a place to gain knowledge, but to meet new people, enjoy new experiences, and have a good time. It is through clubs and organizations that all of these are possible.

Tara Sullivan,
Student Government President

Ring Ceremony

Ring Ceremony, which took place on October 1, 1995, gave our class, Class of 1997, the first opportunity to gather. The rings which appear on our fingers will remain a part of us for our entire lifetime. These rings are tangible objects which keep our memories, hope, and pride alive and "Forever Young" in our hearts. We can look at these rings and remember our Junior Year, and how hard we all have worked to earn them. The rings are blessed in a ceremony; however, we must remember that so were we. These rings will hold the youth we will no longer have in years to come, but they will keep evident the youth which will remain forever alive in our hearts.

Oktoberfest

This year the Student Government Association added a new dimension to the tradition of "Oktoberfest Weekend" by creating class competitions through "Red and Gold Day," and "Pajama Day" in the preceding week. Students were able to show off their Regis Spirit by dressing accordingly for each day. "Oktoberfest with the Gang" was kicked off with the band, **"Guster,"** who played in T.T. on Friday night. At midnight, snacks were offered to students and guests in the Lower Student Union. Saturday night featured 'Club T' Productions who spun a variety of favorite tunes and requests. The weekend came to a close with the Head of the Charles Regatta, which many students attended on the banks of the Charles River in Boston. This was a time for students to relax and have a great time with friends!

Christmas Semi-Formal

Decorated in the spirit of Christmas, the Fine Arts Center greeted more than 300 guests for the annual Christmas Semi-formal. With white lights trailing down the staircase to accent the tree furnished with all its trimmings, it was an evening full of excitement and fun. Held on December 1, 1995, the Christmas Semi was a great success. Guests arrived with dates around 9 pm, and danced until after 1 am. An annual event, the Semi is sponsored by the Resident Staff. With $1,000 raised at this year's event, all proceeds were donated to the Fine Arts Center in the name of Sr. Margaret William McCarthy. Many magical memories will fill our hearts when we recall this special night, and we will be filled with much nostalgia, for when we remember, we will always be "Forever Young."

Christmas Banquet

On December 8, 1995, most of the Regis College community gathered in the Main Dining Room for the annual Christmas Banquet. Everyone was excited because it is one of the largest events of the year, and it marks the end of first semester. Sophomores served their Big Sisters and other guests while students and faculty talked about the past semester. After dinner, class songs were sung. First-Year students started with their version of "The Twelve Days of Christmas," followed by the "Facts of Regis College," presented by the Junior Class. The Seniors shared an emotional moment by singing, "Just for a Moment." Following dinner, students and faculty were invited to the College Hall Foyer where Christmas Carols were sung and the Candle Lighting Ceremony took place. These are the precious moments which will keep the Class of 1996, "Forever Young."

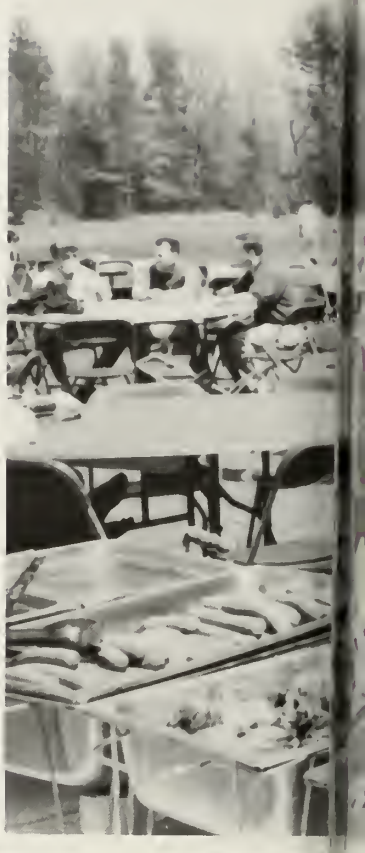
Father Daughter Dance

The Father Daughter Dance took place at the lavish Westin Hotel where a band played familiar songs for fathers and daughters. The Regis women were elegant in their dresses and manner, while their fathers were handsome and proud. The tortellini and chicken were parts of a fabulous dinner followed by chocolate mousse cake. Fathers and daughters got the opportunity to spend some quality time together in a glamorous setting, and catch up on the past few months; while fathers of Seniors realized their daughters may be spending more time at home upon graduation. It was a fun night where precious moments were created.

Nicole Heroux
Class of 1996

(Left) Bethany and her Dad taking a breather from dancing.
(Above) Melissa and friend pose with their fathers.

Spring Weekend



This year Regis College "Rocked the Boat" during Spring Weekend '96 and celebrated the warm weather and the end of the year. Students gathered at Tower Tavern and danced to cover band, "Wonderama" Friday night and to the house, hip-hop, and old school D.J. on Saturday night. The T.T.'s attracted many students from campus and the area. On Sunday there was an all-campus barbecue with a D.J., volleyball, paint ball, gyroscope, and human bowling. These carnival events and food made for a great day full of fun and memories! The entertainment did not stop there . . . Sunday night there was a drive-in movie on the athletic field where students could relax outdoors and in front of a big screen.

Eighteen Regis College students, along with Resident Director, Gretchen Dobson, Director of Student Activities, Lisa Plume, and Campus Minister, Joan Collupy, did something "constructive" over their Spring Break with the help of the Office of Campus Ministry. We went to greater Miami to work with Habitat for Humanity to re-build houses after the devastating Hurricane Andrew of '92. In Miami, the team worked on various projects including: Landscaping, tar papering, and blocking houses. Although it was hard work under the blazing sun, the realization that we were helping to re-build lives, not just houses, helped the heat disappear. Regis College and the Office of Campus Ministry are proud of its Collegiate Challenge team for the $10,000 raised for the trip, and for the outreach service we provided for people in need of help.

AHANA (African-American, Hispanic, Asian, and Native American) is a multicultural organization for students of all ethnic backgrounds. Our goal is to educate and share with the Regis College Community our cultural backgrounds. **AHANA** provides an environment for collaboration, support, and welcome for all students. Throughout the school year we have sponsored many exciting events that have not only promoted cultural unity and diversity, but also appreciation. Some of this year's events were: International Mixer, International Pot-Luck Supper, AHANA Dinner, Black History Month, Women's History Month (poetry reading), "Cultural Enlightenment," and the Spring Semi-formal. **AHANA** is a fairly new organization which has had as much success as impact on members and the community; we hope to continue to offer such "Enlightening" programs here at Regis College.

Literature Club

Yearbook Editor

Pre-Law

Yearbook Photographer

literature, music, free speech, words . . . ideas, concepts, imagination . . . the essence of life. i suppose that is the philosophy of the literary society. with all these random thoughts floating around campus, something had to happen eventually. so at that very first meeting of the literary society, that tiny group thought of some pretty big ideas.

the first thought was, "why don't we have a newspaper?" however, with no funding at that point, we couldn't really start something that big. plus, we wanted something that was entirely student-run, student-voiced. and it had to be accessible to everybody. but how were we going to afford it? camille thomas told us that in her high school, their newsletter was hung up in bathroom stalls, because, well, everyone goes to the bathroom. so, with camille's ingenuity and liz smith's quirky title, "Stall Talk" was born. needless to say, it grew to be a monstrous embodiment of student voices. but so did the coffeehaus.

the coffeehaus welcomes poets, musicians, and fans of such. a cheap night of entertainment, a wondrous gathering of creativity — what more can you ask for?

with the popularity of the coffeehaus, we thought it would be a great idea to put together a compilation of works by the performers of the coffeehaus, for writing is freezing words on paper which will eventually melt into the soul. "Coffeehaus; Unfiltered" was created. And it was good to the last drop.

with all of the publications, presentations, and excursions, the literary society has grown to be a refreshing club that embraces knowledge and the imagination, and will continue to do so. so if you ever need a cup of coffee, a smoke, a little conversation — join or visit with the literary society, and embrace the essence of life.

Tower Society

Student Government Association

Tower Tavern Managers

Tower Society is a volunteer organization comprised of selected members who hold a vital public relations position for Regis College. A Tower Society member possesses the ideals of the College and contributes by communicating them to home communities, prospective students, peers, and employers. Tower Society members do their service through the Office of Admission by promoting Regis to high school and college transfer students. Members serve as role models for all students by demonstrating leadership, dedication, and school spirit as Admission Ambassadors. They provide an invaluable service to the College which never goes unrecognized.

Chris Morris
Tower Society
Officer

Great Beginnings

In May when the last ball has been bounced, hit, kicked, the last stroke swum, the last lap completed, Regis Athletics will say goodbye to 14 seniors. 14 individuals that have grown from girls to women. Athletics holds a special place in our hearts. Maybe it was the place that lifetime friendships were formed.

Athletics demands commitment and sacrifices. These women have willingly given up weekends, and much of their free time. 6am practices, road trips, double and sometimes triple sessions, the list could go on and on. The rewards though, outweigh the demands. Records have been set and broken. Teams restarted or formed for the very first time. In the last four years, Regis athletes have been a force in the Commonwealth Coast Conference and New England. They have either won the title of champion or come very close. This legacy will continue.

Regis athletes are one of the best representatives of the College, and they have done it with dignity and style.

So when all is said and done, there will always be the memories. These women will take with them the values learned, friendships formed, and what seems like a lifetime that ended too soon.

When May arrives, the seniors will be gone, but the Athletic Facility will echo the same sadness that these women felt the last time they walked onto their playing field.

Congratulations to all for a job well done.

REGIS

FIELD HOCKEY

Regis College Field Hockey Finishes Near the Top

By Michelle L. Scott

Regis College Field Hockey is a fairly new team on the Regis athletic fields. The team faded away in the 1960's, only to resurface with the help of Seniors Kim Dicker and Stacey Garland. As a young team, they were expected to work their way to the top slowly. Instead, after three years they placed second in the Conference, losing only to Nichols College in overtime. Led by Kim Dicker, Stacey Garland, and Junior Tri-Captain Sam Dutily, the women of Regis showed that they belonged at the top. Under the direction of a new coach, the young team came together and acted as if they had always been a force to be dealt with. Next year will be even better. Good luck to the seniors. They will be missed.

Junior Captain Sam Dutily fights for the ball and demonstrates why Regis is #1. (1)

Team Celebrates Victory versus Salve Regina from l. to r. Shilpa Patel, Sam Dutily, Katie Armarl, Janet Raymond, Kim Dicker, Jill Fiore, Stacey Garland, and Sandra Santa. (2)

"The only thing that stays the same is change."

Regis shows that if you don't pay attention, you are bound to get hit. (5)

Regis defends their goal, which leads to their victory. (6)

"If you're doing your best, you don't have time to worry about failure."

Stacey Garland

TENNIS

A Love Affair to Remember

By Arlene Deardorff

The 1995 tennis season was incredible! It was my desire to improve on last year's record of 4-12 and this team surpassed my expectations. The girls had a 13-2 record placing third overall in the CCC league, and tying for 4th in the tournament. After losing our first match to Slave Regina, the team went on a nine win streak. Our team had a lot of depth as evidenced by their overall records in singles 64-26 and in doubles 38-7. Each girl possessed qualities of metal toughness matched their tennis shields. The fabulous 8 included: Amy Bantos, Elisabeth Brent, Kate Cavanaugh, Nora Connolly, Sarah Dunn, Caitlyn Mosher, Swati Patel, and Becky Wright.

Co-Captains Becky Wright and Caitlyn Mosher. (1)

Team members l. to r. Coach Deardorff, Becky Wright, Amy Bantos, Caitlyn Mosher, Nora Connely, Sarah Dunn, Kate Cavanaugh, and Elisabeth Brent. (2)

"The more you live, the less you die."
Leah Kalapinski

Mental toughness is the key.

Sarah demonstrates the perfect forehand with ease. (3)

Captain Becky Wright warms up with partner Kate Cavanaugh. (4)

Tennis is not only played on the ground, but in the air as well. (5)

Caitlyn is flawless. (6)

"Our greatest glory consists, not in never falling, but in rising every time we fall."
Megan LaLonde

VOLLEYBALL

The 1995 volleyball season saw dramatic improvement for the Beacons of Regis College. After finishing with a disappointing 9-17 record in 1994, second year coach Chris Corbett led his team to an outstanding 20-10 record, the most wins for the Regis volleyball program in over a decade. Led by the all around play of senior captain Megan LaLonde (CCC 1st Team All Star) and senior Jen Morrissey, the team turned in several outstanding performances throughout the season. Some of the season highlights include beginning the season with 6 straight wins, finishing 3rd at the Roger Williams and CCC Invitational Tournaments, impressive victories over Endicott and Colby Sawyer Colleges and putting together an 8 game win streak in which Regis won 16 straight games.

The addition of assistant coach Joanne Zern (Holy Cross) provided the team with additional talent and leadership. Freshman setters Leah Robertson, Erin Howe, Sherrill Erickson and Julie DeBenedictis provided Coach Corbett with the much needed talent and depth he had been missing the prior year. With the return of seniors Lynne Erickson, Sue Lynch and Deanna Pedulla as well as the leadership of junior Erin Sweeney (RW 1st Team All Star), Coach Corbett hopes his team will compete for the Commonwealth Coast Conference, MAIAW and possibly ECAC titles in 1996.

"The only real risk is the risk of thinking too small."

Katie Lamanna

"Accept the challenges so that you may feel the exhilaration of victory."

Renee Lehmann

BASKETBALL

The Regis basketball team had a record breaking season this year. For the first time i Regis history, the team qualified for the NCAA tournament. Regis started out with a 6- record before the winter break. Some key non-conference wins included Tufts and Wel lesley, two teams which Regis had lost to in the 94-95 season. In the second semester th young Regis team came together even stronger. With ten freshmen, two juniors, and tw seniors, the team came together very quickly and finished the season at 23-4.

Regis ended up first in the Commonwealth Coast Conference heading into the playoff which gave them home court advantage throughout the tournament. Regis defeated Ni chols in the quarterfinals and then eliminated rival Colby-Sawyer in the semifinals. Thi set up the championship game between Regis and Gordon. Regis had lost to Gordon i early January so this gave them a chance to avenge their loss, which they did with a 2 point victory. This win gave Regis an automatic bid to the NCAA tournament where the faced top-ranked University of Southern Maine in the first round. Unfortunately, Regi did not advance to the second round, but their season ended with many great accom plishments.

Senior Renee Lehmann received the Senior Scholar-Athlete Award for the Common wealth Coast Conference. Junior Samantha Dutily and freshman Courtney Gagnon wer named to the All-Conference team. The captains for the 96-97 season will be seniors Lynn Erickson and Samantha Dutily and sophomore Lyn DiFlumeri. The team would like t wish the best of luck to graduating seniors Renee Lehmann and Cathy Shirley and th rest of the class of 96.

"To my teammates: We came here as strangers racing together, but now I leave knowing we will always be friends forever."

Jen Morrissey

"I'd rather live my life according to my own rules, than not live it at all according to someone else's."

Lisa Morrissey

INDOOR TRACK & FIELD

They Proved That They Belonged

By Michelle L. Scott

The Indoor Track team is the newest team to surface at Regis College. The team faced its second year with the hope of doing better than its first. The team had a strong core of returning athletes. With the addition of some very talented freshmen, Coach Carla Morilla had to only provide the coaching. The talent was there, and both the team and the Coaching staff knew it. This was the first year that Regis was going to be able to compete in most events. Strong showing in the 55 yard dash by Junior Deanna Pedulla, 50 yard dash by Freshman sensation April Laverriere and jumper Tiffany Scott. The team also had a strong showing in the field events by Seniors Jen Morrissey and Lisa Morrissey. Co-Captains, Senior Michelle Scott and Junior Lucy Columbo, competed in the weight throw, and showed that they were becoming more of a threat in the event. This year the team was able to send a number of runners to New Englands, and ECAC's. Good luck in the future.

"I could have been you, you could have been me, one small change shapes your destiny."

Michelle Scott

"Winning isn't everything, but putting in the effort is."

Cathy Shirley

SWIMMING & DIVING

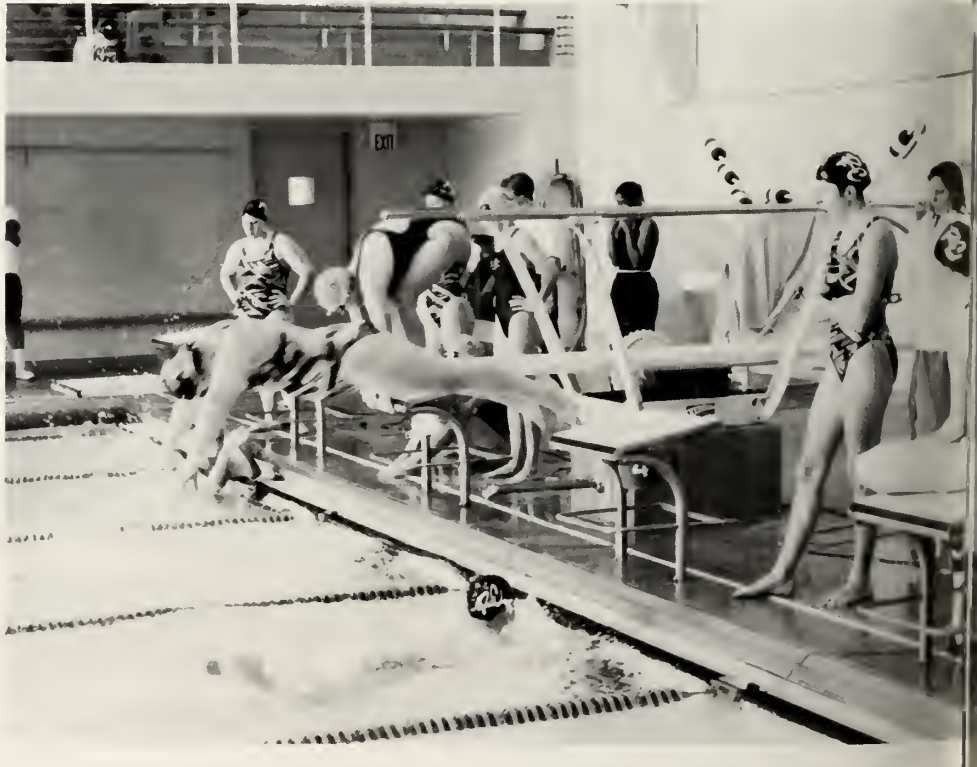
The Regis College Swimming & Diving Team enjoyed another tremendous season by going 15-5 during the dual meet season and coming in 11th at the New England Championships. What makes the season more enjoyable is that they were ranked #10 in New England out of all Division II & III teams!!

Led by captains Leah Kalapinski and fellow seniors Katie Lamanna and Nicole Heroux, the team had outstanding depth during the year in all meets.

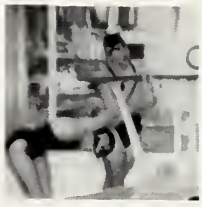
In all, seven school records and many personal best times were recorded. Pacing the way for the "Swimming Beacons" were Kalapinski, Lamanna, Heroux, Kristе Kleiner, Julianne Sullivan, Dawn Kielbania, Jenn Pustorino, Gwen Callahan, Marie Ouellet and Christa Gillis.

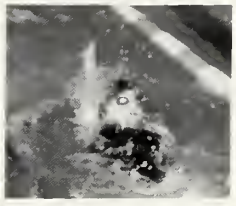
Kleiner, a junior, qualified for the NCAA Division III Championships for the third year in a row and earned her fifth All-American certificate by placing 5th in the 100 yd. backstroke.

Coach Ray Harrington congratulated the team for one fantastic year and for believing in themselves and in their abilities.



TUFT





OUTDOOR TRACK & FIELD

Build It and They Will Come

By Michelle L. Scott

Four years ago then Freshmen, Jen Morrissey and Lisa Morrissey, approached Carla Morrilla about the idea of an outdoor track team. Four years later, and several metamorphoses later, the Regis Track Team is a respected body throughout New England. From the first days of old uniforms and borrowed equipment and scoring 5-20 points in a meet that first year, to this year when Regis arrived at Connecticut College and scored over 100 points and placed third. Now led by Seniors Lisa Morrissey, Jen Morrissey, and Michelle Scott, the team proved that they had what it takes to compete in New England. The team consistently placed in the top eight. The team has a large group of talented underclassmen, and they seem to get better with age. They will get better, and eventually reach the goal of nationals. The team already sent 11 to New Englands, and some are very close to the national goal. The Seniors will be missed because with them goes a dream. But that dream will be carried out in the coming years. Good Luck to the three.

SOFTBALL

The Belief Fairy Hits Regis

By Sue Lynch

After leaving a foot of snow behind in Boston, the Regis College Softball team began their season in sunny Ft. Myers, Florida. While playing hard down south, the team came together in a way that would not become evident until their return to Boston. Despite the weather and all the makeup games, Regis managed to prove themselves worthy of capturing a first place ranking in the Commonwealth Coast Conference with a record of 18-5. After a close final with Curry, Regis became the 1996 CCC Champions — a first for Regis Softball. Senior Co-Captain Renee Lehmann, Junior Co-Captain and freshwomen Courtney Gagnon and Cristen Coleman were named to the All-Conference Teams. With the title under their belt, the Beacons earned yet another first place ranking in the MAIAW tournament. Bringing their winning attitude into these games enabled the team to become the 1996 MAIAW champions. Another first for Regis. As Coach Ruane stated at the annual Athletic Banquet, "the belief fairy" had come and inspired the talented group of athletes. All the hard work and dedication of the players as well as the coaches had paid off. Just when they thought the season was over, the fairy granted them another wish. Regis had qualified for the ECAC's. This was not only a first for Regis but for the entire conference. Although they lost in a close game to first place Williams, the team was proud of their many firsts. This season of firsts was accomplished by a group of players and coaches who believed in themselves and their abilities. As Coach Ruane and Coach Smith said, "No one can ever be the first — you were the first." Congratulations to Regis Softball. Especially seniors Renee Lehmann, Claire Haag, Stacey Garland, and Paige Eaton, you all will be missed.

Congratulations to Player of the Year Sam Dutily, Senior Scholar Athlete Stacey Garland, Rookie of the Year Cristen Coleman, and Coach of the Year Joanne Ruane.

The Administrative Staff of Regis College is the backbone of the College and makes it the great place that Regis is. From the Alumnae Office to the Resident Directors, the Administrative Staff cannot be overlooked and not praised for its effort and success. All of the different offices at Regis College work together toward a common goal: To make Regis College the best it can be. With 11,000 alumnae, the Alumnae Office and Career Development help provide internships and jobs for students, the Dean of Students Office and the Resident Life Staff work to create a positive living experience on campus, and the Maintenance and Housekeeping Offices work to make Regis a safe and well-functioning community. It is the goal of all in the Regis College community to make Regis the best place it can be; however, without the support and determined efforts of all the administrators, Regis College would never be the wonderful place it is right now.

Robin — Congratulations on a job well done! We are always so proud of you — You are a cherished part of our family . . . With Love, Mom, Arthur, Rae Rae, Dawn, Lynn, Jeff and Nana.

Kim we are so proud of you!
Love Mom, Dad and Christa.

Congratulations Monica, We are all very proud of you and wish you the best of luck. As you embark on what promises to be a bright and wonderful future. Love Mom, Dad, Sonia, Carlo, Jacqueline and Snoopy (my little silver star).

Renne, All the wonders you seek are within yourself. Success depends on your backbone, not your wishbone. Stay strong and make good choices. You are truly an amazing woman! All our love, Mom and Kristen *("sista")*

There are wonderful dreams waiting just for you. I know you can make them all come true. Wishing you great success in all that you do! With love and pride, Mom.

Larisa, from your first graduation from St. Margaret's kindergarten to this one from Regis College you've made us proud. THANK YOU! And, Thank God for the gift of you!

Congratulations to our daughter, Laura. It has been a joy to monitor your four years at Regis and to observe you maturing into a beautiful young lady. You have acquired and nurtured qualities of leadership, maturity, scholarship and Christian compassion. These qualities will serve you well for your entire life. You are all we ever hoped and dreamed you would be. May all your hopes and dreams come true. God bless you. Love Mom, Dad, Jamie, Aunt Clare, Uncle Jack and Nana.

Stacey,
There is a little
room in your heart, and
there is proof because
you can hear the door
opening and closing . . .

Good Luck

Nana - Happy

SCOTT

Dear Jen —

May all your dreams come true. We can't believe you are graduating already. We are so proud of you. Love, Mom, Dad, and Jon.

Karin,
We love you so very much. Always remember whenever you need us, we are just a phone call away. Love, Mom and Dad

Karin,
Congratulations! It seems like yesterday!! You have grown to be a beautiful woman. We are so proud of you and all your accomplishments. Love Mom, Dad, Teddy, Julie, Kevin

Tell us it isn't true,
Graduating "Little Boo".

Hugh

Nancy

California! Here we come!

American School
of Liberal Arts

Congratulations Elaine,

There aren't enough good things
to wish
A graduate like you
Who's worked so hard to reach a goal.
To make a dream come true.
But may this glad occasion
Be a hint of what's in store-
Lots of luck and real success
And all you're hoping for!

Wishing you
Happiness today and always!
Love,
mom & dad

To our dear Jennifer: We are so very, very proud of you, not only for your dean's list success but because we have watched you grow and mature from a lovely young child to a beautiful, talented, sophisticated young woman. We love you very much and wish you every happiness and future success that the world can offer. Love, Mom & Dad, Cheri and David Jr. and Sasha.

E is for Excellence
L is for Loving
E is for Extra Special
N is for Nowledge (so we can't spell)
A is for Awesome
You are all this and much more. Congratulations on a job well done.
Love Mom, Dad, Katina, Christina, a Beepa

Nadia,
Since a child you fought to reach your goals and now you've made it. We are very proud of you. Always remember: If you can count how many stars in the sky, then that's how much we love you. Love Always, Mommy and Jean Claud

You've always had our love, you've earned our admiration. Congratulations, Love Mom, Dad, Lisa, Colin and Tommy.

Carly, The first college graduate in the family! We are extremely proud of your accomplishments over the grueling past four years. You have an inner drive and ambition that make your dreams a reality. There are no goals you could not achieve. We love you, support you always and think you are a truly special person. Congratulations! Mom, Dad, Kurt, Gram & Pop

Cheryl,
May God Bless you always with good health, happiness and success. Our love and support go with you forever. Love, Dad, Mom and family.

Ellen Michaela Gallahue, All our love, pride and best wishes! Mom, Dad, Kate, Beth, Shaela and Maura.

"Romance fails us and so do friendships, but the relationship of parent and child, less noisy, remains indelible and indestructible, the strongest on earth." Theodor Reik
Words could never express how proud I am of your accomplishments. Love, Dad.

Dear Una (A.K.A. Missy or Miss Poo), Words can not describe how proud we are of you, your life and choices on both personal and professional matters, surely the world is a better place because you are here. We wish you love, happiness, and success; and we will be here for you as long as the good lord allows us the pleasure. With all our love, Mom, Dad, Aunt Debbie, and Uncle Brian.

Congratulations, JESS!! Thanks for the memories! Love, Mom and Dad

Dear Christine,
We are very proud of your outstanding accomplishments during these past four years. We all wish you the greatest happiness and continued success in your future. We love you very much. Mom, Katherine, Robert, Evelyn and Pepper.

Congratulations "Wonder Woman" Sara, we are very proud of you! Love life. You have so much to look forward to. Love and kisses, Mom, Dad, Emily, Tabitha and Sylvester.

We love you way up to the sky and even when we die and we just plain love you, ditto forever. Mom and Dad

Congratulations, Tracy! Love, Mom, Dad & Michele.

If we could comb the sky and collect the stars, quickly pile them into a basket until it overflowed with silvery light and then we'd give the basket to you . . . because all things precious and beautiful should be yours now and always. Love Mom and Dad.

Daniel and Jill,
Benefactors

Mr. and Mrs. James H. Parker,
Benefactors

Congratulations Norma and class of 1996! You will make the future brighter! Mom and Dad

Congratulations Janice Ann on your degree and four great years. Mom, Joe, and Christine LaCascia.

Congratulations Shannon, We are so proud of you. Love Mom and Dad. P.S. Also, thank you for just being you.

In closing, I would like to sincerely thank some people for their efforts to complete this book:

JOSETTE, JULIE, MEAGHAN, and JEN for outstanding photography; MICHELLE and NICOLE for their work on the sports and senior sections; JENNIFER and LISA for their efforts on the parent ads; LYNN COLEMAN, JOHN CARRIER, and DR. M. YOUNG for their support and advisement; my E, K, T, M, CH and D for keeping me sane, and especially the one I take for granted the most, THANK YOU MUM. —

MICHELLE BURROUGHS, EDITOR
